

COURT DECIDES SECOND WILL IS NOT TO BE FILED

Contest Over Earlier Will Is
Begun On Behalf Of One Of
Gemur's Stepchildren

Superior Judge Maxwell McNutt denied the petition for probate of the "alleged" second will of the late Joseph H. Gemur, wealthy Peninsula property owner, which Mrs. Clara Oeschger of Palo Alto, adopted daughter of Gemur, attempted to validate after his death in Oakland, May 7 last.

In court last week Mrs. Oeschger admitted that the alleged 1938 death bed will, supposed to have been signed by Gemur, March 6, at Peralta Hospital, Oakland, was fraudulently witnessed two days after Gemur's death by two Oakland physicians.

Whereupon Judge McNutt ordered a transcript of the case sent to Earl Warren, district attorney of Alameda County, for possible investigation.

Contest of the 1932 will was filed by Joseph J. Bullock, attorney for Mrs. Blanche Bonney Graham of Spokane, Wash., who was bequeathed \$5 in each of the two wills. Mrs. Graham is one of three stepchildren of Gemur.

The petition alleges that, when the February 1, 1932, will was drawn, Gemur was of unsound mind and that Mrs. Oeschger, his confidential business advisor, used undue influence and took unfair advantage of his mental weakness.

This will left Gemur's real and personal property to Mrs. Oeschger.

RETURNS FROM VACATION TO FIND MOTHER SUICIDE

San Bruno Woman Believed
To Have Killed Herself
Over Ill Health

When John Oldaker, 789 Elm avenue, San Bruno, returned home with his wife from a vacation up the Redwood highway, Wednesday of this week, he found his mother, Mrs. Inez Oldaker, 59, a suicide.

When Oldaker arrived at his home he decided to visit his mother at her home two blocks away. Walking in to call her, he found her dead on the living-room couch, her jugular vein slashed by a safety razor blade found on the floor. Beside her was a bottle of Chloroform.

The son could give no reason for his mother's action other than ill health. She left no notes nor had she ever hinted at thoughts of suicide, he declared.

Deputy Coroner Sil Nieri estimated that Mrs. Oldaker had been dead since Monday. As there were no lights in the house and as her bed was still made up, Nieri declared she must have taken her life during the daytime Monday.

Mrs. Oldaker had resided at 751 Linden avenue for the past year, since moving here from the East.

CONTEMPLATE CHANGING OF DALY CITY MERCHANTS ASSOCIATION TO LOCAL CHAMBER OF COMMERCE

Scope Of Activities To Be
Present Membership
Widened; Will Enlarge

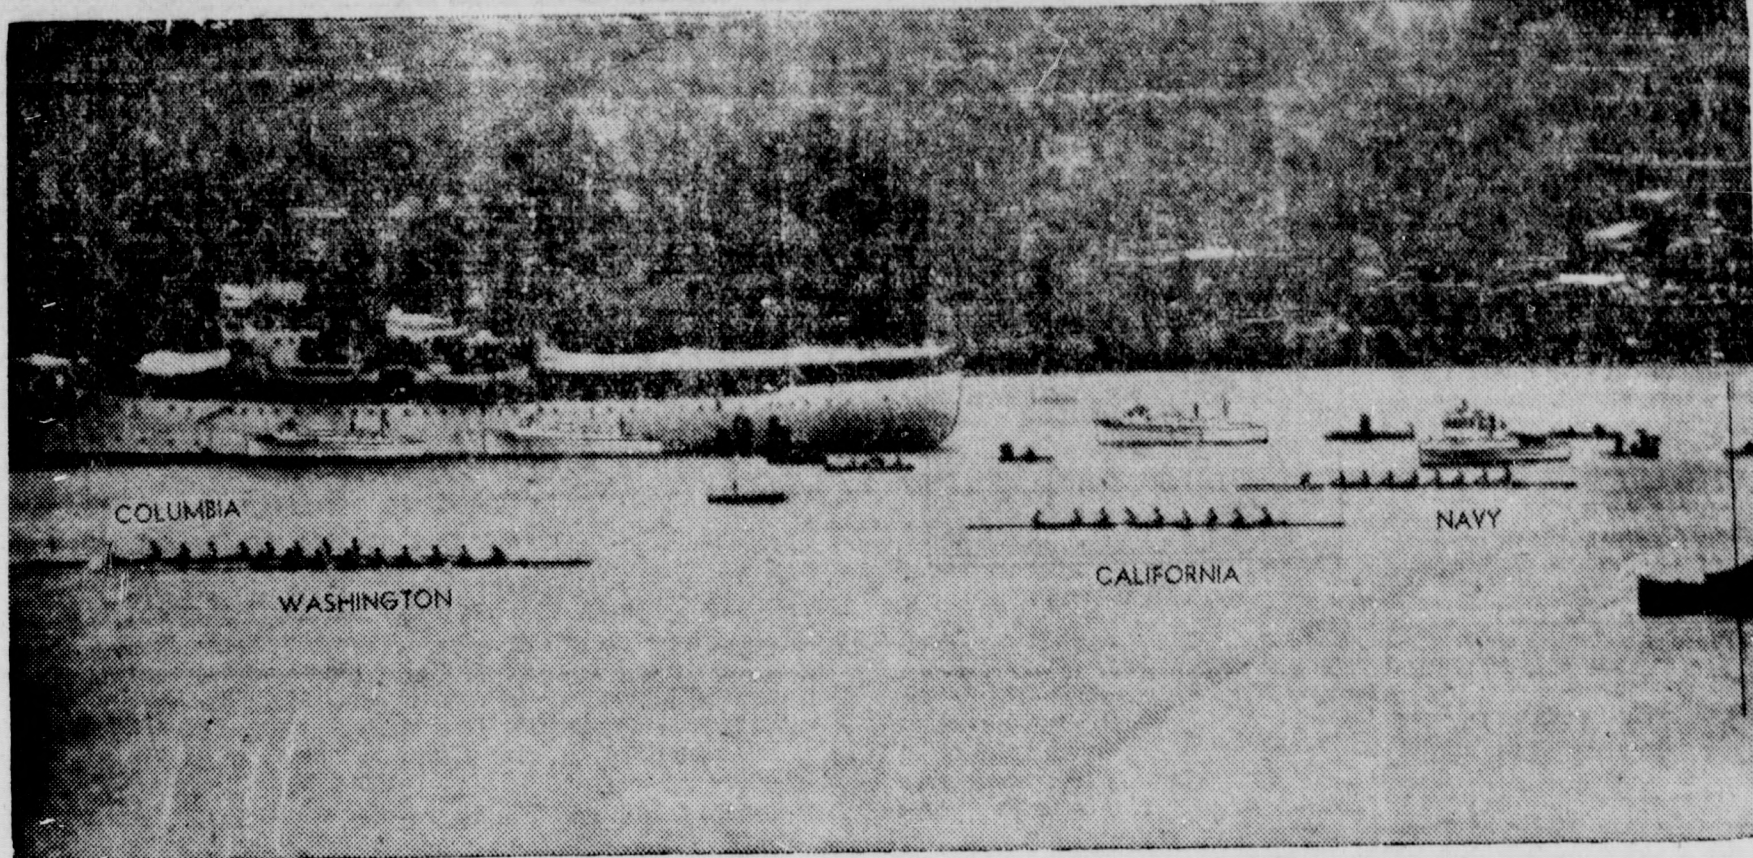

One of the most important meetings ever called by the Daly City Merchants Association will be held, Wednesday evening of next week, in the social hall over the Daly City Theater lobby.

Officers of the Merchants Association met in an executive session, early this month, to discuss a number of proposals for progress in local commercial and civic affairs.

Out of the executive meeting came three definite and far-reaching proposals to be presented at the Wednesday meeting.

NAVY NOSES OUT CALIFORNIA TO WIN AT POUGHKEEPSIE

Nosing out California's Golden Bears to win the Poughkeepsie crew race, the Navy recently established a new varsity mark of 18 minutes 19 seconds against the record of 18:33 3-5 set by the Washington Huskies last year. Photo shows the thrilling finish as the Middies forged ahead of California to win, while Washington, in third place, overtook Columbia. In other events California won the freshman race, with Washington second. In the junior varsity Washington took the lead and California was second.

INDEPENDENCE DAY SPECIAL TO BE ON SATURDAY

Fastest Greyhounds For
Many Seasons Now Run-
ning At Baden Track

July Fourth will be celebrated at Baden Kennel Club with a program of racing featuring the Independence Day Special. Leading greyhounds at the track are expected to be nominated for the big race.

The swiftest dogs in many seasons are running at Baden this year, Judge H. M. Barton disclosed. Baden, he said, is particularly proud of the fact that many of current champions have been developed at the meeting, a tribute to California trainers and breeders, and to the manner in which young dogs are given every consideration at the South San Francisco oval.

Champion of them all is a young dog owned by R. C. Davis of San Francisco. His name is Rural Rebel, and he has become a sensation in the sport.

Unheralded at the season's opening, the Davis dog, a son of Traffic Officer, has become the most consistent winner at the track. He won his first four starts, missed once, and won his sixth.

Five out of six is almost unequalled in Baden's six years of racing history. Five straight, a record which Rural Rebel missed by his one unplaced performance, is a mark never made at the South San Francisco track.

OLD ENOUGH ANYWAY!

Senility was the cause of the death of Pitian Badros of Lowell, Mass., Wednesday of this week.

About a week ago the aged man celebrated what he declared to be his one hundred and seventh birthday.

DON'T KNOW WHAT BLAME PICNICKERS CAUSED RETURN FOR FIRE IN PARK

"I'm a sap, I guess. Don't know why I took it," was the message left by a person, who stole a 90-pound shrapnel shell in Astoria, Oregon, Wednesday of this week, and then later returned the warlike missile.

The incident was reported by military authorities, who no doubt are querying whether an honest to goodness change of heart or the weight of the projectile was the reason the man decided not to be a thief.

WINNING OF THE OLD WEST TOLD BY EPIC DRAMA

Historical Pageant Written
Around Lives Of Hardy
Early Pioneers

A new story of the winning of the Old West was thrillingly presented by the Federal Theater players in the San Francisco premiere of the Talbot Jennings epic drama, "No More Frontier," at the Alcazar Theater, Monday night. "No More Frontier" is an exciting historical pageant written around the lives of four generations of hardy pioneer Americans. By modern standards those days were not so easy but this family, one of thousands who trekked westward, had what it needed. Indian massacres, blizzards, droughts and untold hardships were not enough to stop them. They kept on until they found what they wanted in the then wild country of Idaho. The play is a graphic story of the thousands who came into the West and founded a race of equally hardy but gradually—in these days—disappearing moderns.

"No More Frontier" is a drama of tremendous rugged power. It is an illuminating study of the pioneer spirit which later manifests itself in the third and fourth generations in a modern world. Besides its historical value there is a human appeal in the homely, genuine characters that strike a responsive chord in the audience.

"No More Frontier" reflects great credit on the government theater and should be seen by every patriotic American, particularly the youngsters.

South San Francisco Liquor Store Robbed

Entering the Rex Club, South San Francisco, Sunday morning of this week, two San Franciscans, Vic Flores, 29, and Erwin Good, 27, shoved a janitor into a back room and raided the whiskey shelf, police said. The janitor got the license number of the car the two drove away in.

Officer Martin was notified and, when he spotted the license, gave chase. Flores was held in jail without bail while Good was released on \$250 bail.

DALY CITY GIRL SCOUTS RETURN AFTER OUTING

Enjoy Camp Life With Scouts
From Other Sections
Of County

Enriched by the experience of one week of camp life under the redwoods at San Mateo Memorial Park, ninety San Mateo County Girl Scouts broke camp Sunday afternoon to go back to their respective homes. Twenty-six of the girls were from Daly City, fifty-eight from San Bruno and six from Loma Park.

The daily camp program which consisted of swimming, hiking, nature study, crafts and other Scout activities was under the direction of the San Bruno Girl Scout leaders.

Camp cooking for the Daly City Scouts was supervised by Mrs. Lucy Nelson, Mrs. F. M. Heath and Mrs. Marie Thompson, mothers of three of the girls.

The Daly City Girl Scout Troops which were Troop 2 and 4, sponsored by the Grace Presbyterian Church. The girls from Troop 2 were Dixie Antonis, Wilda Heath, Martha Preciado, Maren Nelson, Shirley Davis, Nadine Bledsoe, Sophie Sikeotis, Mary Hill, Gloria Wade, Jean Johnson, Ruth Smith, Lillian Hodges, Jacqueline Young and Betty Raynor. The girls from Troop 4 were Marion Reardon, Joyce Lemon, Mildred Thompson and Betty Inks. Members from Troop 5 were Ramona Marquez, Nancy Sorg, Betty Brewer, La Verne Van Tassel, Joan Mitchell, Rose Marie Carlsen, Betty Lou Varin and Carmel Robin.

PRESIDENT ADDS SIGNATURE TO ANOTHER BILL

From Hyde Park word was received, Wednesday of this week, that President Roosevelt reluctantly approved the rivers and harbors flood control bill, which authorizes millions for large projects, but with no appropriations provided to carry them out.

No doubt the President's sanction would have been more amiable had money for the undertaking been actually allotted.

USE CAUTION ON FOURTH OF JULY

Let's be alive on the fifth! With this appeal, the National Safety Council is conducting a nation-wide campaign against accidents over the holiday and during the month of July. July is the worst month of the year for accidents. Last July, 10,200 persons were killed in accidents. This is more than two and one half times as many as were killed in the Revolutionary War. The three worst hazards over the holiday will be traffic, drownings, and fireworks. Be doubly careful on the highways! Take no chances in swimming! Leave fireworks to the men who are paid to take chances! Let's be doubly careful over the Fourth, so that we will all be alive and healthy on the Fifth.—San Mateo County Traffic Safety Commission.

ALL BY HERSELF FOR NINETY DAYS

The raiding of a Colma inn by federal and state agents consummated in the arrest and jailing of Lillian Moore, alias Lillian Boni, on a narcotics charge.

In Judge Cotton's court, Monday of this week, she was admitted to three years probation, providing she serve 90 days in the county jail. A stay of execution for five days was allowed the woman, providing her time for the arrangement of her affairs before her three months incarceration.

DALY CITY LIBRARY BUILDING NOW READY TO CARE FOR NEEDS OF COMMUNITY READING POPULATION

Citizens Invited To Inspect
Completed Building And
Improvements For Better-
ment Of Service

The people of our community have something in the way of civic improvement of which everyone can justly feel a thrill of pride.

The new building which was added to the former small and inadequate quarters has been completed and the new furnishings and lights have been installed, so the building is now ready for occupancy and use by the reading population of Daly City.

And, speaking of lights, the system here installed is one of the best and most practical to be found anywhere, even in more imposing buildings of much greater magnitude than our own.

The structure is one of the best lighted and aired to be found anywhere and provides all the conveniences offered by any library in any part of the country.

The floor space is now practically three times greater than the amount made available in the former library building.

The front of the property has been

BOARD BUYS BAYSHORE SITE BRISBANE PARK

Supervisors Pledge Balance
In Land Acquisition Fund
To Effect Purchase

Development of a county park at the Brisbane Lagoon, bordering Bayshore highway, was practically assured at a meeting, Tuesday of this week, when the Board of Supervisors pledged the balance in the county's land acquisition fund for the purchase at a price of \$1000 an acre of 8.92 acres owned by the Crocker Estate. The land surrounds the lagoon at the entrance from the Bayshore highway to Brisbane. The balance for the purchase price for the acreage will be set up in the budget for the next fiscal year.

At this meeting the board also acquiesced in the suggestion of Supervisor James that it hold a special meeting before the date when the new budget is drawn, to consider the Butano Park Project, the Coyote Point Project and all other park and playground propositions submitted to the board previously.

The supervisors also adopted a resolution accepting the PWA grant of \$108,000 for the courthouse annex, with the understanding that the work will start in ten weeks and be completed in seven months. The county will call bids.

JANITOR DIES OF HEART ATTACK

Janitors are often beloved characters, whose presence as well as their services are greatly missed, when they retire or pass on.

Such was the case of John J. Maher, head janitor of the San Mateo Junior College. When students resume their classes in the fall they will truly mourn the loss of a genuine friend, for a heart attack, Monday of this week, ended his career of service.

Maher, who had served at the college since 1927 and, before that, employed in the same capacity at Burlingame High School between 1924-27, was found dead at the bottom of the steps on the basement floor at 8 o'clock this morning by Thomas Roberts, furnace man and electrician.

Maher had returned to work this morning after a two weeks vacation. Roberts, who had spoken to him fifteen minutes earlier, found the body when he attempted to enter the side door of the school on San Mateo drive, found it locked and, peering in, noticed Maher's body slumped at the bottom of the steps.

The 55-year-old school employee was popular with students and teachers alike.

He is survived by a son, Thomas, and his widow, Mary.

landscaped and will be put in condition so it will indeed be a delight to behold.

The new building itself provides ample room for reading and studying and for the display of pictures and special features.

Besides large numbers of fiction and non-fiction books to be added, there will be installed 40 different current periodicals, as well as a large collection of pictures and pamphlets, have been secured for circulation.

The old building has served the residents for all purposes since its erection and dedication in 1920. This will now be converted into a children's department when it is remodeled in the near future.

Announcement of the opening of a San Mateo County library branch was first made in 1916, when literature was for the first time made available for loaning to the citizens of Daly City.

Beginning with Tuesday morning, July 5, all delinquent fines for failure to return books promptly which have accumulated against any library patron will be remitted and stricken from the books and business will be begun with a clean slate.

Beginning on the same date a new

STATEMENT BY MAYOR WARD ON DECISION TO RUN

Stresses Importance Of Ability To Harmonize And Co-Operate

In announcing his candidacy for supervisor from the Fifth District, Mayor Allen J. Ward of Burlingame issued this statement:

"A new man will be chosen as a member of the Board of Supervisors in the Fifth District.

"I submit my candidacy on my civic record for more than 12 years in San Mateo County. At present I am Mayor of Burlingame and have served two years on the city council.

"A member of any important board must be able to harmonize and co-operate and through experience give expression to his ideas and plans. If elected, I will continue as in the past to stand for economy, efficiency, progress, and safety."

YOUNG COUPLE WED IN CHURCH

The altars of Our Lady of Perpetual Help Church were lighted with many candles, set between arrangements of gladiolas, for the wedding, Sunday afternoon of this week, of Miss Verna Conci and Nelson Borges. The ceremony was performed at 6 o'clock by Reverend Father James Doyle.

The bride, who was given in marriage by her father, Victor Conci, one of Daly City's pioneers, was gowned in white silk crepe, a shoulder veil and carried a shower bouquet of gardenias, white roses, lilies of the valley and lavender orchids.

Miss Rita Corish was maid of honor, wearing a canary yellow chiffon gown trimmed in bands of turquoise blue velvet. Her flowers were yellow snapdragons and roses and she wore a yellow wreath in her hair. George Andersen acted as best man.

Following the ceremony a reception was held at the home of the bride's brother and wife, Mr. and Mrs. Pete Conci on Parkview avenue for about 150 relatives and friends.

A buffet supper was served, after which the happy couple left for a week's honeymoon by motor to be spent at Lake Tahoe and vicinity.

On their return Mr. and Mrs. Conci will make their home with the bride's father on Parkview avenue.

Establish Record For Steamboating

The Nantasket - Boston Steamboat Line has entered its one hundred and twentieth season on the east coast and is the oldest of its kind in America.

The company was founded in 1818 and its officers are proud of the fact that since the date of its birth 120 millions of patrons have taken passage on its four steamers without the loss of even one life.

SOCIALITE PILOT, CO-PILOT BAIL OUT IN AIR CRASH

Michael Casserly

Michael Casserly, socialite of Hillsborough, Cal., who, with his co-pilot, Aeronautical Engineer Harold Webb, leaped to safety after the right aileron and part of the wing tore away on the brand new plane they were flying over San Francisco Bay. Casserly landed in the water and was rescued immediately by a witness. Webb was not so lucky. He had figured he would land in the bay and on the way down had stripped all his clothes off in preparation for the swim. He paddled around for an hour and a quarter until he was sighted by a rescue plane. Both men were reported safe and sound after their experience.

CAR BURSTS INTO FLAMES AS TWO MACHINES CRASH

Youths Have Narrow Escape In South San Francisco Auto Accident

John Mainz, 19, suffered first degree burns of the face and first and second degree burns of the right arm when his new car was struck and caught fire, Wednesday afternoon of this week.

Police reported that Mainz was driving south on Cypress street at 4:30 o'clock when A. Mendoza, 40, 332 Railroad avenue, South San Francisco, turned in from California drive, catching Mainz's car with his right rear wheel, spinning it around and turning the car over on its left side.

As Mainz and his companion, Teso Tesi, 1849 Mason street, San Francisco, fought to climb through the right door, the car broke into flames.

Pushing Tesi out ahead of him, Mainz finally scrambled to safety. The car, a 1938 Plymouth, was a total loss, according to Fire Chief Alex Welte.

Tesi escaped unhurt. Mainz resides at 43 John street, San Francisco. He is employed by the Sunrise Brewery Co.

CENSORSHIP OF THE PRESS

Dean Carl Ackerman of Columbia University, has made an exceptionally interesting map, showing how censorship of the press has spread throughout the world.

In practically all of the Far East, freedom of the press is unknown—the U. S. S. R., China, Japan, Turkey, Arabia, Egypt and other countries rigidly control their periodicals, and in India, Belgian Congo and French West Africa, there is some measure of government control.

In Europe a truly free press is enjoyed only by the inhabitants of England, France, Sweden, Norway and Finland.

On this continent, the press is completely free in the United States, Mexico, Canada (except for the province of Quebec) and part of South America.

New March Of Time Devoted To The Portrayal Of American Medicine

The growing concern of the American people over the problems of medicine and health and their expressed desire for a frank analysis of medical information has led the March of Time to devote its entire new issue to an objective account of "Men of Medicine: 1938."

In the first authentic motion picture for theatrical distribution to have the unrestricted co-operation of the American Medical Profession, the United States Public Health Service, the medical departments of the United States Army and Navy, March of Time presents a complete behind-the-scenes film narrative on American medicine.

"Men of Medicine: 1938" is the story of the modern, present-day practice of medicine, its functioning and its problems. Against a background of the scientific knowledge and disease fighting weapons twenty centuries of medical progress have put at the medical profession's command, the film traces the United States doctor's training and establishment of practice; the problem of making his skill and learning available to all those in need. This pictorialization is based upon the actual lives of United States doctors and has been documented by medical consultants who co-operated in the production of "Men of Medicine: 1938."

Shown in the film are hospitals where every new technique of medical science is employed. In contrast, the other and grimmer side of the picture is also disclosed: the communities and peoples who need medical attention, but have no facilities available and no means to obtain them.

"Men of Medicine: 1938" reveals that main problem facing U. S. medicine today is how to make available to the people the benefits of medical science, which have in the past century and especially in the past 25 years revolutionized the practice of medicine. Revealed in the film are these advances and the plans under discussion to extend their benefits by the formulation of a concerted health program.

"Men of Medicine: 1938" will be shown at the Daly City Theater next Wednesday, Thursday, Friday and Saturday.

Birthday Party Honors Natal Day

Fritz Hanson of San iDego avenue was delightfully surprised Sunday evening of this week, by a large group of relatives and friends, who gathered at his home to help celebrate his sixtieth birthday.

Mr. Hanson received many useful gifts.

A tempting supper was served these guests: Mr. and Mrs. C. Olsson, Mr. and Mrs. C. Friedland and daughter Elsie, Mrs. S. Yarrick, Mr. and Mrs. W. Bartling and children Mildred, Wilda and Willie, of Oak land, Mr. and Mrs. G. Hanson of Walnut Creek, Mr. and Mrs. H. Hanson, Mr. and Mrs. E. Harrison and son Emil, Mr. and Mrs. L. Harper, Mrs. M. Almquist, Mrs. Ethel Barger and daughter Jeanette and the members of the Hanson family.

Season's First Black Bass At Catalina

Art Engstrom, 9, was quite proud of the mackerel he caught at Santa Catalina Island until he saw the first black sea bass to be landed this season. The huge fish, weighing 273 pounds, was caught by Norman Brooks and took 37 minutes of skillful angling to bring it to gaff. Brooks landed the monster on regulation 24-thread Tuna Club tackle.

John's first duty was to issue himself a badge.

Edward McIntosh has just about completed his First Class requirements, so we should see at least two new First Classers at our next court of honor.

Our small Scout Troop service flag has at last arrived. Heretofore we have been obliged to use the large parade flag, which was rather unwieldy for our meeting hall.

Our next meeting will be at the church and we will show the movies taken at the Cubberie, providing that they get back from the processors in time.

SCOUT LOSES BED ROLL

Den Chief Frank Pate had the misfortune of losing his bed roll on the way from the Cubberie last Saturday. It was loaded on to Soy Bean along with other items and fell off somewhere between the camp at the lower end of Lake Merced and his home in Daly City. A suit case belonging to him was lost near the railroad tracks at Niantic and San

Mateo avenues. However, Mr. Perry of the Colma Junction service station, picked it up and reported it to the Daly City police department and it was recovered within the hour. If anyone should learn of a roll of bedding being found, Frank would appreciate information regarding it, as he can ill afford to lose all his covers. His phone is Randolph 2644. A reward is offered.

Couple Celebrate At Anniversary

Mr. and Mrs. C. Peck of Old San Pedro Road, Colma, entertained at a family reunion dinner, Sunday of this week, to celebrate their twenty-third wedding anniversary.

The guests included Mrs. Mary Jane Peck, Mr. and Mrs. Frank Banks and children, Mr. and Mrs. William Mustard, Mr. and Mrs. Elmer Peck and Arthur Peck.

AUXILIARY ENDS ADVANCED TO FRUITFUL YEAR STATE OFFICE

The Executive Board of Daly City Unit No. 410, American Legion Auxiliary, met Tuesday evening of this week, at the home of the president, Mrs. Alice Reilly. All the chairmen completed and compiled their annual reports and the books were audited, thus ending a most successful year. After an evening of work, the hostess served delicious refreshments.

Those present were Mesdames Mary Crane, Margaret Kenney, Catherine Foreman, Ann Welch, Luara Larsen, Julia Jordan, Grace Hill, Eula Jakobsen, Marcia Trier and the hostess.

The next regular meeting will be held on Wednesday, July 6, at which time the first nomination of officers for the coming year will be held.

The next regular whist will be held Thursday afternoon, July 14, at 2 p.m. in the Legion Hall. The chairmen will be Mrs. Eulalia Jakobsen and Mrs. Julia Jordan. Refreshments will be served following the game. Everyone is cordially invited.

Hillcrest Circle No. 143, United Ancient Order of Druids, held its regular meeting Monday evening of this week.

Reports were received from the delegates who attended the grand session held in Santa Rosa during last week. The circle is proud to report that Mrs. Madeline Fellows, district deputy of this circle, was advanced to the office of grand second bard of the Grand Circle. The circle feels this a high honor, as it is only eight years old. Hillcrest is the fifth largest circle in membership in the state.

The reception for Grand Second Bard Madeline Fellows will be held on August 8. The delegates—Mrs. Agnes Prescott, Mrs. Minnie Bernardi, Mrs. Grace Hill, Mrs. Martha Wegner—together with Past Arch Druidesses Mrs. Marcia Trier and Mrs. Catherine Foreman, will have charge of the affair.

CANNED CHERRIES

(From Mrs. Maude Pitschke)

- 1 lug cherries (Queen Ann or black cherries)
- Juice 2 lemons
- 1 cup sugar
- 3 cups cold water
- Large sauce pan
- 20 Mason jars (pint size)
- Rubber jar rings

Stem and wash cherries—do not pit. Place jars and caps in pan of hot water until ready to use. In sauce pan place the water, sugar and lemon juice. Let come to boil; then pour in 3 quarts cherries and let boil slowly for 15 or 20 minutes. Fill hot jars with fruit, each dipper of fruit containing the amount of juice that would be used in serving. Seal jars at once, wiping off juice from rubber rings and necks of jars before placing cap on jar. Make sure fruit is sealed so tightly that when jars are tipped there is no leakage of juice.

Continue cooking in small quantities until all the fruit is used.

A nice variation is to purchase both kinds of cherries. 1/2 lug of each. Can the Queen Ann first, as they are the lighter color, and it will not be necessary to wash the sauce pan before canning the darker cherries.

ASPARAGUS SHORTCAKE

(Contributed)

- 2 cups cake or general use flour
- 4 teaspoons baking powder
- 1 teaspoon sugar
- 1/2 teaspoon salt
- 6 tablespoons shortening
- 3/4 cup milk (about)

Sift the dry ingredients together and, with the back and edge of a spoon cut in shortening until the mixture looks flaky. Moisten with the milk and mix until blended. Transfer to a board dusted with flour. Pat out to 1/4 inch in thickness and shape with a biscuit cutter first dipped in flour. Transfer to an oiled baking pan and bake in a hot oven (400 degrees) for fifteen minutes or until puffy and brown. These biscuits are very short and flaky.

Split and spread the biscuits with butter or margarine. Put together and top with the creamed asparagus.

RAW VEGETABLE COTTAGE CHEESE PLATE

(Contributed)

- 1 pound creamed cottage cheese
- 1 pint inside tender leaves, raw spinach shredded
- 1/2 cup minced scallions
- 1 1/2 cups sliced cucumbers
- 1/2 cup sliced radishes
- 1 cup sour cream
- Salt and pepper
- Paprika
- Raisin and entire wheat sandwiches

Arrange individually as follows: Put a mould of the cheese well seasoned with salt and pepper in the center of each plate. Combine the vegetables and surround the cheese with them. Season the cream with salt and pepper and a little sugar, if desired. Pour this over the salad, dust thickly with paprika and place the sandwiches, which may be toasted, on the edge of the plate.

BOILED TOMATOES

(From Mrs. Amelia Lewis)

- 4 large firm tomatoes
- Salt and pepper
- Prepared mustard
- Melted butter or margarine
- Flour
- Croutons
- Parsley

Wash the tomatoes and cut off the ends to make them flat. Slice each tomato crosswise in thirds, dust with salt and pepper and brush with pre-

pared mustard, mixed with a little melted butter or margarine. Dip in the flour. Place on a hot oiled, fine meshed broiler and broil six minutes. Serve three slices to a person, arranging them overlapping. Garnish with croutons and minced parsley.

CRISS CROSS APRICOT CAKE

(Contributed)

- 2 eggs
- 1 cup granulated sugar
- 1/2 teaspoon orange extract
- 1/2 cup melted shortening
- 3 cups cake flour
- 1/2 teaspoon salt
- 3 teaspoons baking powder
- 1 1/2 cups chopped, drained rich stewed apricots

Beat the eggs with the sugar, flavoring and shortening. Sift the dry ingredients together and add. The mixture will be thick, like pie crust. Roll part of it one-half inch thick. Place in a good sized pan and cover with the apricots. Finish with a criss-cross lattice topping made of strips of the dough. Bake 30 minutes in a hot oven (375 degrees).

Sewing Club Named By Crocker P. T. A.

At a meeting of the Crocker Sewing Club at the home of Mrs. Virginia Davidson, Thursday of last week, it was decided to call the club the "Sew & Sos." Any one wishing to belong to this club must first join Crocker P. T. A. Come and mingle with us, as we really have a grand time at our meetings.

Owing to next week being the week of July 4 a great many people take advantage of the holiday to go on a vacation, hence there will be no meeting of the Sew and Sos. We are trying to secure the use of Sigmund Stearn's Grove for our meeting the following week. A definite announcement of the meeting place will appear in the Daly City Record next week. If it will not be possible to meet at the grove we will arrange to meet at the home of one of the members.

Mrs. Laura Larsen held a very successful whist at her home on San Diego avenue, Thursday afternoon. She wishes to take this means of thanking all those who attended. Mrs. Davidson, president, wishes also to thank the members and friends of Crocker for their co-operation during the last three months.

If you wish to join Crocker, you do not need to wait until the new term begins. Get in touch with our president, Randolph 4243, or our membership chairman, Mrs. Pahlka, Randolph 9050, and they will call on you. Also watch the Daly City Record for our weekly announcements.

Harvard Professor Addresses Kiwanis

Professor J. Anton de Haas of Harvard University, famed authority on economics, who recently set forth a crystal-clear analysis of the world's problems at the opening session of the 22nd annual Kiwanis convention held in San Francisco. Dr. de Haas declared, "Politically sanity is possible only with economic sanity." Of the World War he said, "The war to end all wars has left us with a world in which undeclared wars are spreading want and misery to all corners of the globe." The Versailles Treaty, he charged, "ignored the fact that nations are economically interdependent." For a cure Dr. de Haas said the United States has already taken a step in the right direction by its policy of trade treaties with various nations.

A Tale O' The Town LEARN WHILE YOU ARE VACATIONING

By Joseph Straughan

OVER CONFIDENT

Mrs. Worthington, retouch artist of the studio by that name on Mission street, has many amusing things happen in her contact with people. Here is one that is too good to pass up. It happened like this: A lady came into the studio wanting a copy of a snapshot. She wanted more than that; she desired to have the image of her deceased husband taken out from among a group of his associates and placed by himself. It seems that she was determined to break up the click even if she had to wait until her hubby was gone to do it!

"I'd like very much to have him with his hat off if it were possible," the lady requested. When assured that it would be done she added that she would also like to have it in natural colors. This, too, was agreeable to the studio folk and the color of clothes, hair and complexion was ascertained.

"By the way," asked Mrs. Worthington, "on which side did your husband part his hair?" This particular detail seemed to have slipped from the customer's memory. Pondering for a while a faint smile lighted up her countenance and, in almost childish glee, she announced: "Why, when you remove the hat you can see for yourself!"

OBSERVATIONS OF GOINGS ON IN NATION CAPITAL

New Jefferson Nickel Soon To Replace Familiar Buffalo Coin

(By Hart Goodrich)

The buffalo nickel was 25 years old in April, and, because it has reached this ripe old age, it can now be changed without an act of Congress. So the favorite old 5-cent piece is preparing to pass out of existence and make a place for the new Jefferson coin.

The first 5-cent pieces were coined in 1866, forty years after the death of Thomas Jefferson. In Jefferson's day 10-cent pieces were used, but no "nickels." The dime in circulation today was first coined in 1916 and in 1941 it will "come of age." Under the coinage law, a coin design must see 25 years of service before it may be changed, except by special act of Congress. So in about three years the dime can be redesigned. It would be much more appropriate to design a "Jefferson" dime than the present plans for the designing of a Jefferson nickel and Jefferson would feel much more at home on the coin more familiar to his day. We would still have our nickel, too, which, as far as design is concerned, is the most truly American coin we have.

The designer, James E. Fraser, said that his first object in designing the buffalo nickel was to produce a coin which was truly American and also one that could not be confused with currency of other countries. In his search for symbols he found no motif within the boundaries of the United States so distinctive as the American buffalo or bison.

Mr. Fraser felt that the great herds of bison which roamed the western plains had played an important role in "the winning of the West."

No particular Indian was used as a model for the head on the other side of the nickel. If the buffalo had been consulted, he, no doubt, would have objected to the Indian as his near companion on the 5-cent piece,

as the red man was his worst enemy.

It costs approximately \$3.25 to produce 1000 buffalo nickels.

They are nice coins, just the right size and weight, and are never confused with other coins in our pocket. We're going to miss them!

Lesson Sermon Of Christian Science

"We will rejoice in thy salvation, and in the name of our God we will set up our banners." These words from Psalms comprise the Golden Text to be used Sunday, July 3, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The subject of the Lesson-Sermon will be "God." Included among the Scriptural selections will be: "Hear, O Israel: the Lord our God is one Lord: And thou shalt love the Lord thy God with all thine heart, and with all thy soul, and with all thy might" (Deut. 6: 4, 5).

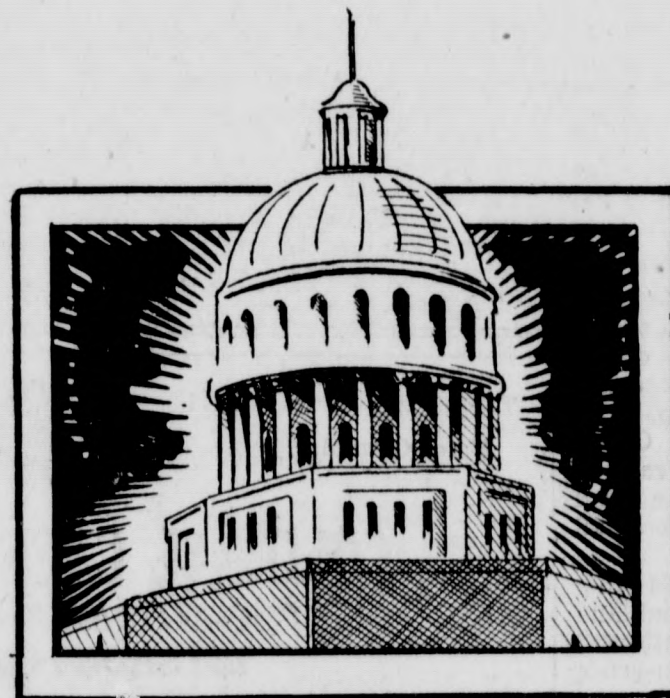

The following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included: "Spirit, Life, Truth, Love, combine as one, — and are the Scriptural names for God. All substance, intelligence, wisdom, being, immortality, cause, and effect belong to God. These are His attributes, the eternal manifestations of the infinite divine Principle, Love" (p. 275).

Conducts Special District Program

Mrs. Stella Jensen, first vice president and program director of Seventeenth District, conducted a special program conference, Thursday afternoon of this week, at 1 o'clock in the Burlingame Public Library, to assist Parent-Teacher unit presidents and program chairmen.

General themes for the year in line with the state and district theme, "Purposeful Growth — the Child's Right, the Adult's Responsibility," were outlined. Interesting and timely topics for each meeting will be discussed. All members interested in program planning were urged to attend this conference.

A FREE GOVERNMENT CANNOT PERISH AS LONG AS WE HAVE A Free Press

IN MANY PARTS of the world, democracy is in eclipse. Countries are moving away from free government, from responsible government based on the voluntary consent of the people. In each case the extinction of liberty is preceded by the extinction of a free press. Dictatorship cannot prevail while there survive free newspapers in which the people can voice and print their own opinions and through which every act and policy of the government can be observed, appraised and reported. It is an essential part of democracy that ALL opinions, whether right or wrong, be given a public hearing. Freedom of the press is our strongest guarantee that Americans shall remain a free people. On your newspaper depends your civic safety and the independence of your nation. Protect your newspaper—support it—for its welfare is your welfare—its freedom is your freedom.

UNEMPLOYMENT IS REDUCED BY MINING ACTIVITY

Revival Of Operations In Boundary Country Proves Great Boon To Workers

On a recent visit to Vancouver Robert Forshaw of Grand Forks, in the long dormant Boundary country of British Columbia, spoke optimistically of the effect of renewed operations there on the unemployment situation.

The substance of the interview is as follows, as reported by the mining editor of the Vancouver Sun:

Small mine operations in the neighborhood of Grand Forks and Greenwood in the famous old Boundary country have, during the past year, been a big factor in reducing unemployment in the district.

Upward of 120 men are steadily employed at present at nine of the properties. Besides these, there are a number of small leasing and partnership operations that puts the monthly tonnage of the camps near the 400 ton mark.

"It isn't much when you remember the old days around Greenwood and Phoenix before the Rossland boom," Mr. Forshaw commented, "but every job counts these days and we are confident that mining up our way will continue to grow."

BEST IN YEARS

The Boundary country is one of B.C.'s earliest lode mining districts, and up until shortly before the war, when the Greenwood smelter was finally closed, produced millions of dollars worth of copper, silver and gold. Sources of ore were chiefly from the old Granby company's properties at Greenwood and Phoenix.

According to Mr. Forshaw, who has made the district his home for 30 odd years, this year will be the best it has known since the shut-down.

The largest operation today is that at the old Brooklyn-Stemwinder where W. E. MacArthur is employing about 40 men. Concentrates are being shipped regularly and in addition, some 50 tons of high-grade silver ore is being hand selected for shipment.

A program of extensive development which is expected to result in the installation of a mill, is being carried out at the old Providence property near Greenwood by Riegel brothers of Spokane, Mr. Forshaw states. About 30 men are on the job under the direction of A. White.

MINES CONSOLIDATED

Another 15 men are working at the Mabel mine, which is also standing up well under the present development work. Vancouver interests are in charge of the operation.

The City of Paris, near Grand Forks, is now making a small carload shipment of crude ore to the Trail smelter and is employing a small crew steadily.

The chief operation in the old camp is that of the Sally and Highland Bell mines which were consolidated and have been producing high-grade silver ore for several years.

The mine is controlled by the Highland-Bell Mines Limited and has been established on a dividend paying basis for some time.

But there are a score of smaller properties that have been revived and are either being developed or

"OCEANS OF LOVE"

GOOD WINTER JOB FOR SOMEBODY KINDNESS PAYS EVEN TO ANIMALS

Any white American male citizen who has been on relief four years and expects to be on four more, may (if qualified) have my job for one year.

A year ago the above was inserted in a newspaper by E. B. Bridgewater, 44, of Phoenix, Ariz.

He had received no applicants to the ad and today he announced that he would again make the offer. Jobless ones take notice.

producing small tonnages of crude. There is the Keno near Phoenix, the Basin, the British, being handled by Penticton interests; the Bluebell at Eholt, which was recently started by Boundary Creek Placers Ltd.; the B. C. Mine, the Beaver, the new group on Wallace Mountain that William Youngston and associates have opened up, and many others, new and old.

A naive festival was being held in Kandy, Ceylon, and a procession, in which were a number of gorgeously caparisoned elephants, was passing through the streets. An English woman was sitting on the veranda of a hotel and watching the gay scene. Suddenly one of the elephants left the procession, approached the veranda, raised his trunk and proceeded to rub the lady's face.

The keeper, thinking the animal had got out of control and meant to attack her, rushed forward; but the woman raised her hand to stop him and explained that the elephant had been employed on the estate where she had previously resided and was an old friend; and though that was over 20 years ago, and they had not met since, he had recognized her, and was showing in his own way his delight and affection.

She then addressed her old friend by name and stroked him and talked

COOPER STARS WITH COLBERT FOR FIRST TIME

Claudette Colbert and Gary Cooper, Hollywood's newest comedy and romantic team, top the cast of the new Paramount picture, "Bluebeard's Eighth Wife," which will be seen, starting Sunday, by patrons of the Daly City Theater.

In a long line of recent productions, capped by "I Met Him in Paris," Miss Colbert has become the most successful example of the urbane and sophisticated young lady in films, while Mr. Cooper comes to "Bluebeard's Eighth Wife," fresh from a number of soldier-of-fortune roles, including "The General Died at Dawn," "Lives of a Bengal Lancer" and "The Plainsman." His gay, frivolous role in this picture is nearer that of "Mr. Deeds" than any other.

The story, a new version of the famous play by Alfred Savoir, concerns a young American multi-millionaire who, after marrying and divorcing seven wives, marries an eighth who succeeds in taming and bringing him love for the first time. Miss Colbert, in the role of a penniless French aristocrat who marries him for his money, accomplishes the miracle by letting him understand that she is one woman he cannot wrap around his finger. Her weapons of coolness, indifference and stubbornness work wonders, and, after nearly losing him by overplaying her hand, she brings sanity and love to Gary's life at last.

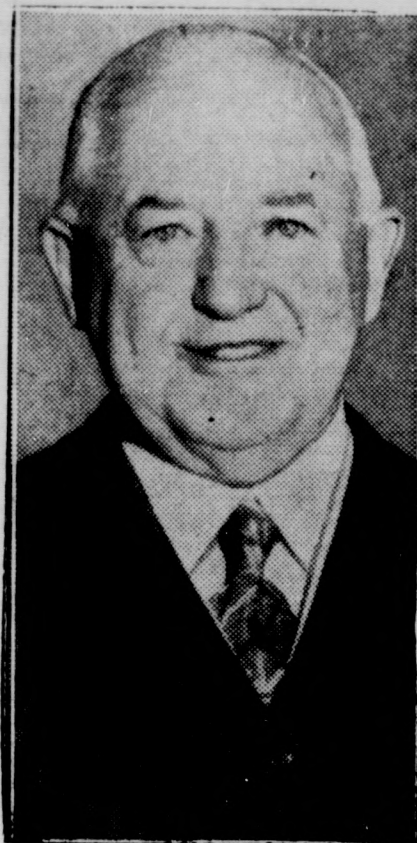

Also Loretta Young and Spencer Tracy in "Man's Castle" and the Louis-Schmeling fight pictures will be on the same program.

Professional soccer football players in England are demanding minimum pay of \$25 a week, instead of \$20; also a maximum of \$45 instead of \$40. About the same time Joe Di Maggio of the Yankees was holding out because Colonel Ruppert wanted to pay him only \$25,000 for a season's work.

to him for a few minutes in Singhal-ese; then she told him he must go back, which he obediently did, and again took his place among his companions.

The procession moved on and passed out of sight, but the happy memory of that brief incident, in which love, gratitude and obedience were so beautifully expressed in a faithful animal, will always remain.

Snell, Republican Leader, To Retire

Bertrand H. Snell

Representative Bertrand H. Snell of New York, Republican leader of the House since 1931, who recently announced his retirement from public life. He said he was retiring to give more attention to his personal affairs. A veteran of 24 years service in the House, Snell served as permanent chairman of both the 1932 and 1936 G. O. P. conventions and before that served on platform committees at several other conventions. He succeeded Representative John Q. Tilson of Connecticut as House leader.

ANNEX TO COURT HOUSE TO START IN NEAR FUTURE

"If the detailed plans and specifications are promptly approved by the PWA in Washington, and we can let the main contract in the next six weeks, I look for the annex to be completed and ready for occupancy by the fall of 1939," declared Supervisor Beer, Monday of this week.

He said the board would attempt to make provision for a press room in the new three-story structure which will house the supervisors and numerous county offices now spread over Redwood City. A WPA grant of \$108,000 for construction was allocated earlier this week. The county will put up about \$130,000 toward the erection, and furnish the annex.

The county official also announced that ground breaking for the \$238,000 annex to the front of the San Mateo County courthouse might take place within the next sixty days.

Colma News Notes

Mrs. Margaret Pauline Brown of Washington street, Colma, a teacher of the Jefferson School District, left Sunday of this week, for Mexico, where she plans to spend the next seven weeks vacationing.

Miss Doris Silicani of Colma and her sister, Mrs. Ida Bruno of San Francisco, are enjoying a vacation outing in the Santa Cruz mountains.

John Tealdi and Carl Grosman, members of the Colma Volunteer Fire Department, are enjoying a vacation at present in Colorado.

The regular monthly whist party of the Colma Volunteer Fire Department will be held, Friday evening of next week, at the Jefferson School annex on San Pedro road. A. Conserva will be chairman of the event.

Raymond Vallarino of Station avenue left, Saturday of last week, for Santa Rosa, where he will spend a month vacation as the guest of friends.

Mrs. M. Bianchi and daughter Melia of Cook street, San Francisco, were guests, Sunday afternoon of this week, at the home of Mr. and Mrs. P. Vallarino and family on Station avenue.

Mrs. C. Ramat entertained a large group of friends, Sunday evening of this week, at her home on Werner avenue in honor of her husband, who was celebrating his birthday anniversary. A gay evening of dancing and entertainment was terminated with the serving of delicious refreshments by the hostess.

Miss Clara Vallarino of Station avenue spent a pleasant day, Friday of last week, in Salada Beach, where she was the guest of Miss Della Sanguinetti.

Marion Vernon of Thirtieth avenue, San Francisco, was a patient at the Villa Hospital for two days following his injury, Saturday of last week, in an auto crash on Mission street near the Jefferson Union High School. The young man, who is employed at the Presidio in San Francisco, was catapulted through the windshield of his machine, receiving multiple cuts about the head and body and a back injury. With him in the car was Nora Kenney of Diamond street, San Francisco, who was less seriously injured. She was given treatment at the hospital for lacerations and shock.

Among the local couples who, we hear, are soon to wed are Miss Flora Tambusi and Louis Malespina, Miss Theresa Laveroni and Jimmie Varni, and Miss Elsie Demargrasso and Dino Palestrini.

Mr. and Mrs. Angelo Rovere of Briggs street, accompanied by Mr. and Mrs. C. Pucci of Lomita Park, enjoyed a pleasant outing, Sunday of this week, at the picnic given in San Mateo by the New Deal Club.

Mrs. K. Casey of Santa Cruz avenue is confined to her home with a fractured right arm received, Wednesday of this week, when she fell in her home. The elderly woman was given treatment at the Junipero Serra Hospital.

Mrs. C. Benedetti, who has been confined to her home on Clara street, the past week with an injury, is reported well on the road to recovery.

Members of The Sailorette Club of Colma were guests of the "Toast of the Town" program at the KFRS studios this week.

Quicksilver Puts Calif. In Front

One of the largest producers of quicksilver in the world today is a mine in California, the New Idria, situated about 75 miles south of Hollister and 45 miles east of King City. The only two mines which are believed to have surpassed it in output in the last six months of 1937 are both in Italy; they are the Idria mine (from which the New Idria takes its name) and the Monte Amiata.

The New Idria has been in operation for 84 years and stands sixth among the world's quicksilver mines in its yearly output. Surpassing it in total output are the two Italian mines named above, the famous Almaden mine in Spain, the long abandoned Huancavelica mine in Peru and the New Almaden mine near San Jose, which closed down a few years ago.

DOOR MAT FOR SUMMER CAMP

Save the caps from beverage bottles and cover a heavy board, the size of a door mat, with these caps, turned rough side up and placed side by side in rows.

Drive a nail through the center of each cap. This makes a good scraper for shoes.

Mrs. Rosa May Fellows of Niantic avenue has been a patient at the Junipero Serra Hospital since Saturday of last week, recovering from illness. Friends wish her a speedy return to good health.

Mrs. Leo Domecus, accompanied by her infant daughter, returned, Tuesday of this week, to her home on Hillside boulevard from the Junipero Serra Hospital.

Members and friends of the Colma Vegetable Association will gather at New Portola Park, Sunday of next week, for their annual picnic. Music, games, and refreshments will be the feature attractions.

Mr. and Mrs. C. Benedetti and daughters Bernice, Eleanor and Carol Ann of Clara street will leave, Saturday of this week, for San Jose, where they plan to spend a few days as guests of friends.

SPIDER AIDS IN STUDY OF STARS

If you happened to see a man on a stretch of open country trying to entice a spider into a little box you would think him rather odd. Yet there are many people who spend their time on the Yorkshire commons, in England, looking for the Epeira Diademata—a spider marked with a cross on its back. Were you to ask why they do it, they would say it was because this particular specimen makes a silken thread which is needed for the production of surveying instruments and astronomical instruments.

Spider hunting is something of a labor. It requires keen eyes to detect the insects and patience to persuade them to walk into the boxes, for they must not be frightened. Furthermore the hunter must not give up his search until he has found between 80 and 100 spiders.

After carrying the boxes to the factory the spiders are let out and induced to make their threads. This is done by placing them on sticks about 3 feet above the ground and gently shaking them off. As they fall, the spiders leave silken threads behind them which are collected for use in the factory. Having performed their good deed the spiders are then allowed to go free and are carefully taken back to their country homes.

In some cases the threads, which are often less than a 500th part of an inch in width, have to be made still finer. This delicate work is performed by an expert who splits them with a special needle in order to remove one or two of the strands.

Thus we see that the finest of silk threads, produced by a little insect, helps to connect the world with its stars!

OLYMPIAN HAS SECOND MONTANA WRECK IN WEEK

Dogged by misfortune, the Olympian, crack train of the Milwaukee Railroad, crashed into a CCC special train, killing one person and injuring seventeen others at Ingomar, Mont., a short distance from where the same flyer, only a week before, plunged through a trestle into a rain flooded culvert, bringing death to forty-seven. Photo shows the second crash, with both locomotives badly damaged. One of the engines was thrown from the tracks down the embankment. Robert Eckert of Portageville, N. Y., a CCC worker, was killed.

BOYS AND GIRLS NOW GET BREAK

What a break for our boys and girls, for it was announced, Wednesday of this week, by S. A. Stimpson, district traffic manager for United Air Lines; John B. Walker, vice-president in charge of traffic for Transcontinental and Western Air Lines and C. A. Rheinstrom of American Air Line, that children between the ages of two and 12 years will travel half fare on all major airlines commencing tonight (Friday).

Youngsters over six may ride unaccompanied, while children under two will be allowed to ride free of charge.

When Mrs. Harry Cale of Wisconsin cared for an injured collier several years ago, she did better than she knew. The dog has twice saved the life of her little son, Robert; once by dragging him out of the way of an approaching automobile, and again by giving the alarm when the room in which the child was playing caught fire.

Some Proverbial Congressional Wit

Congresswoman Nan Honeyman of Oregon has a nice wit. Recently she told of a woman who had read one of Einstein's books.

"Did you enjoy it?" she was asked. "Yes, indeed," she replied.

"Did you understand it?" was the next question.

"Yes, I understood the words, but

not the sentences."

Another of Mrs. Honeyman's stories had to do with the lady who said, "I believe in life insurance and fire insurance, but I do not believe in Social Security insurance. My social position is entirely secure."—Pasadena Post.

Luther Moore, colored, was tried in court at Salem, N. J., for cutting the throat of Peter Asbury in a quarrel over the right answer to this puzzle: "If a 35 year old man marries a girl of fifteen, how long would it be before she is half as old as he is?"

COURT DECIDES SECOND WILL IS NOT TO BE FILED

Contest Over Earlier Will Is Begun On Behalf Of One Of Gemur's Stepchildren

(Continued from Page 1)

\$5000 to his stepson, Charles H. Bonney of Wamsutta, Wyo., and Mrs. Graham.

Mrs. Oeschger admitted that she attempted to validate the 1938 will after his death only to learn that the 1932 will had left her more money. Judge McNutt threw out the "deathbed" will after Henrietta Williams, a nurse who attended Gemur during his fatal illness, testified.

The nurse said she did not see Mrs. Oeschger hand the will to Gemur to sign, did not see the will or hear any discussion of the document.

Mrs. Graham received only \$5 under terms of both the 1932 and 1938 wills and based her contest on the grounds of undue influence of Mrs. Oeschger over Gemur.

SAN JOSE YOUTH KILLED IN CRASH

William Michaels, 25, of San Jose was instantly killed and his companion seriously injured, early Thursday morning of this week, when the machine in which they were driving toward San Jose failed to negotiate a turn on El Camino Real below Colma.

A South San Francisco ambulance conveyed the two to the Junipero Serra Hospital, where Michaels was pronounced dead by physicians. The other youth, Jack Armstrong, 25, also of San Jose, was given treatment for severe cuts and bruises.

Daly City New Public Library

View of new library building, erection of which has just been completed on the Mission street site and new furnishings placed. Open house for inspection by the public will be held here Sunday, July 3, between the hours of 11 a. m. and 5 p. m.

NEW DALY CITY LIBRARY OPEN FOR INSPECTION

(Continued from Page 1)

schedule of fines will go into effect. Instead of the old amount of five cents per day for each day over time a book is retained, as heretofore, the amount charged has been reduced to two cents per day on overdue books.

When the new building is opened to the public, Tuesday of next week, there will also be a change in the hours during which the library will remain open for business. Thereafter the hours will be from 1 to 5 o'clock and from 6:30 to 9 o'clock, p. m., each week day except Saturdays, when the library will be kept open between 1 and 5 o'clock p. m. only. The library will be closed on Sundays and holidays.

The erection of the new building was due mainly to the untiring efforts of Councilman Henry Sundermann, who is chairman of the council library committee.

To Mrs. Jean O'Rourke, the city librarian, is due a note of credit, as she at all times worked hard and gave hearty co-operation to make possible the objective which now has finally been attained.

The cost of the new building and its furnishings was approximately \$5000. This has been paid from the library fund already available and was accomplished without any increase in taxation whatever.

Let's all give three loud cheers and hope for more and better improvements for Daly City in the future.

Open house will be held at the new library the coming Sunday, July 3, when all citizens are urged to come and inspect their new acquisition. The library staff, members of the city council and other Daly City officials will be on hand to show the people around and explain in detail the new innovations. The hours for visiting and inspection will be between 11 a. m. and 5 p. m., and every resident, whether a patron of the library or not, is urged to be present at the inspection and dedication.

Remember! The date is Sunday, July 3, and the hours from 11 a. m. to 5 p. m.

Help yourself by patronizing your newspaper.

Mrs. Al O'Neill of Miriam street spent this week at the home of her mother, who is ill in San Francisco.
